Hello everyone,

We are moving handicap placard reform through the City and State. We've met with Councilmember Paul Koretz and his staff is agendizing our item with the Disabilities Commission. We've also reached out to Assemblymember Richard Bloom and we are looking forward to meeting with him and his team in the near future.

The more support this item can receive from our BID community, the better our chances to move the needle.

I'm attaching two documents to this email. The first is a copy of Westwood's letter to Councilmember Koretz regarding this item, and the second is a Microsoft Word template I hope you can use to call for the support of your council

members.

It would great to get as much BID support on this item as possible. Please let me know. Even just knowing you're out there and we can name-drop you would help!

Thanks so much.

Andrew
